The SMS Psychologist, Pedagogical Advisor and Child Protection Officer oversee the Wellness Programs and assess students to ensure they have the best educational plan and promote social-emotional wellness throughout the school.

Clarity

At SMS all employees receive ongoing child protection and first aid training and are subject to regular police background checks.

SMS Child Protection Policy

SMS's Child Protection Policy is based on local Spanish laws related to child safety and the United Nations Convention on the Rights of the Child, and SMS is working to be part of the UNICEF Friendly Schools program.

What really matters

The SMS Internal Policy details the nature of the different types of potential alerts and abuses that children and young people may face.

SMS clearly and categorically states that any conduct that potentially or actually causes harm or alarm to students will not be tolerated. Any reports of such conduct will be handled (in association with relevant authorities, if applicable), in accordance with the SMS Child Protection Policy.
